#### Admiral Paul Zukunft, U.S. Coast Guard (retired)

Admiral Paul Zukunft served as the 25th commandant of the Coast Guard from 2014 until 2018. During his tenure as commandant, the Coast Guard attained its highest appropriation in history to modernize its fleet and upgrade aging infrastructure while concurrently acquiring four clean financial audit opinions - the only armed service to do so. Over his 41 years of active duty service and eight commands, the Coast Guard has achieved a gold standard for promoting maritime safety and security. In 2010, he served as the federal on-scene coordinator during the Deepwater Horizon oil spill, where he directed over 47,000 first responders, a flotilla of more than 6,700 vessels and over 120 aircraft.

Zukunft is a 1977 graduate of the U.S. Coast Guard Academy and attained masters degrees from Webster University in management and the U.S. Naval War College in international affairs and strategic studies. He is also a graduate of the executive seminar at the Asia Pacific Center for Strategic Studies and Harvard’s Kennedy School of Government National Preparedness Leadership Seminar.

Zukunft currently serves on the strategic advisory board of Liquid Robotics - a subsidiary of Boeing Corporation; the Arctic Policy Board at the Wilson Center; and is president of his namesake Worldwide Maritime Consulting, LLC. Also, he is a frequent speaker among the policy-shaping think tanks. Zukunft and his wife Fran serve as the Coast Guard ambassadors to the USO’s United.
